In order to accommodate our singers from The Fort Pitt Christian Community Gospel Choir we have changed to a Friday evening format. These singers were first known to us through our video presentation at the Fort Pitt Hutterite Colony School several years ago. We trust that the Buffet format will assist you, our supporters to come as and when you can to share in the extraordinary evening.

As a further addition we are planning to meet with a number of church youth groups later this same evening. We expect that their activity will overlapping with some of our music and our speaker. Following there will be a Youth Rally with a Creator Navigator Theme @ the Fireside Room.

This is all new and exciting to us and may require some adjustment to our rhythm (and seating.)
